

TEAM JONY MISSION REPORT | MAY 2026

Bible Mission Services | Jony & Soojin | Reaching the Unreached in Malaysia & Southeast Asia

EXECUTIVE SUMMARY

May 2026 was a month of boots-on-the-ground faithfulness. We completed a breakthrough East Coast field visit to Kelantan — seeing 3 souls come to Christ through Sister J.'s ministry. We attended the Mission Partners 4 Fields church-planting training, unlocking a powerful new lens to integrate with Zúme. The Cantonese cohort of 35 committed students continues to grow — and several are already passing on what they have learned. We also planted seeds for October's Indonesia deployment through a focused Zúme briefing with key partners in Medan. The harvest is real — and the workers are multiplying.

“Go therefore and make disciples of all nations...” — Matthew 28:19

KEY MINISTRY HIGHLIGHTS

1. East Coast Field Visit — Kota Bahru, Kelantan (May 7–11)

This was one of the most fruitful field trips of 2026. We spent five days walking alongside Sister J. as she steps from Zúme trainee into practitioner. Three individuals came to faith in Christ — a remarkable first-fruit harvest in one of Malaysia’s most spiritually challenging mission fields. Several potential home church groups are now forming in the area. We plan to return once every quarter to sustain the momentum and shepherd the emerging groups through the MAWL process.

 *Pray for the 3 new believers in Kelantan — for deep roots, spiritual protection, and discipleship connections. Pray for Sister J. as she shepherds the emerging home groups with wisdom and courage.*

2. Mission Partners Training — 4 Fields Church Planting (May 20–23)

Attended the Mission Partners church planting and 4 Fields training — a four-day intensive that sharpened our entire discipleship framework. The 4 Fields model (Gospel proclamation, Discipleship, Church formation, Leadership multiplication) integrates beautifully with Zúme's 3/3 rhythm. This training is reshaping how we coach our Gen-1 leaders to move their groups from Bible study toward becoming reproducing churches. It was one of the most practically valuable training experiences attended this year.

 *Pray for wisdom as we integrate 4 Fields principles into our Zúme coaching framework — and for each Gen-1 leader to catch the vision of planting and multiplying house churches.*

3. Indonesia Deployment Preparation — Bro. M. & Sis. K., Medan (May 30)

On May 30, we conducted a focused one-hour Zúme briefing and training session with Bro. M. and his wife Sis. K. — our key partners in Medan, Indonesia. This was the opening move for our planned October 2026 mission trip to Medan. Bro. M. and Sis. K. attended the Zúme Indonesia training session and have committed to continuing on Saturdays. The groundwork is being laid for a lasting Zúme hub in Sumatra.

 *Pray for Bro. M. and Sis. K.'s Saturday Zúme sessions — for growing hunger and consistent participation. Pray for clear open doors as we finalise October's Indonesia deployment.*

4. Cantonese Zúme Cohort — 35 Students, Multiplication Begins

Our Cantonese cohort of 35 committed students continues to grow in depth and reach. This month, several students took their first steps in teaching others using Zúme — a beautiful sign that multiplication has begun. Daily SOAPS accountability continues strong, with participants working through Romans. The cohort is becoming a self-sustaining disciple-making community.

 *Pray for the Cantonese students who are now starting to teach others — that each one would multiply faithfully. Pray for sustained hunger and consistent SOAPS practice through the coming months.*

5. Leadership Network Groups — Ongoing Across Four Languages

Our monthly leadership peer-mentoring networks remain active and growing:

- **Mandarin Group:** Dr. L., A., S.P., E., Bro. Z.
- **English Group:** G., C.K., S., E.
- **Bahasa Malaysia Group:** K., S., Z., B.
- **Cantonese Group:** T., M., A.

Each group uses the 3/3 Look Back · Look Up · Look Forward format, focused on sustaining disciple-making culture and mutual accountability among Gen-1 leaders.

 *Pray for each leadership network — for strong attendance, genuine fellowship, and every leader staying faithful to their disciple groups through the mid-year season.*

6. Xinjiang, China — Online Zúme Training Requested

The group of pastors and leaders from Xinjiang, China — who first connected with us through their study programme in Penang — have formally requested to begin Zúme online training for their China-based groups. We are currently working on scheduling. This represents a significant open door into one of China's most restricted and spiritually needy regions.

 *Pray for wisdom and open scheduling as we prepare Zúme online training for the Xinjiang pastors. Pray for their safety, boldness, and multiplication in a restricted environment.*

7. English Zúme — Sunday Morning Cohort Continues

The new English Zúme cohort continues to meet every Sunday from 10:00–11:00 AM. This consistent weekly rhythm is building discipleship habits and a steady pipeline of trained disciple-makers for future deployment.

 *Pray for the Sunday English cohort — for consistent attendance, life-change, and each participant stepping into their own disciple-making journey.*

CLOSING REFLECTION

May 2026 was a month of going and seeing and believing. Three souls came to Christ in Kelantan. New training frameworks were received. New partnerships were formed across Medan, Xinjiang, and beyond. And the Cantonese cohort is now reproducing itself.

We are not just teaching about disciple-making. We are watching it happen — generation by generation, city by city, community by community. The harvest truly is plentiful, and by God's grace, the workers are multiplying.

Thank you for praying, giving, and going with us. You are a vital part of every group that meets, every prayer answered, and every soul that encounters the love of Jesus.

“Now to him who is able to do immeasurably more than all we ask or imagine...” — Ephesians 3:20
